CertainTeed
SAINT-GOBAIN

Leadership Starts at the Top

When you're an innovator, people take notice. And when the first-of-its-kind becomes a top choice in the industry, the industry follows.

The Presidential Series is the original luxury shingle series created to replicate the appearance of hand-split cedar shakes in the form of premium roofing asphalt.

Presidential Shake® TL
Presidential Solaris® Gold
Presidential Shake®

EXECUTIVE STYLE IN A TRUE ORIGINAL

The shade, texture and rustic sculpted edges of each Presidential Series shingle combines to create a sophisticated design that stands far above the rest.

THE LOOK OF WOOD, MINUS THE WORRY

Presidential Series shingles are less costly than cedar shakes, but the benefits don't end there. Unlike wood, these shingles will not rot, and offer the industry's highest fire resistance rating. Plus, with CertainTeed's StreakFighter® technology, your roof is protected from the unsightly streaking caused by airborne algae (where available).

PEACE OF MIND

CertainTeed's lifetime limited asphalt shingle warranty is an industry-best, covering ANY manufacturing defect, including aesthetic defects.

The WOW Effect

PRESIDENTIAL SHAKE® TL

Luxurious performance that defines an industry. It doesn't come along often, but when you see it, you know it.

- With three layers of material, Presidential Shake TL is the industry's thickest, toughest and heaviest shingle
- Sculpted tabs provide the unique, rustic beauty of hand-split cedar shake roofing
- A wealth of colors capable of achieving any design vision

You Don't Have to Go White to Go Green

PRESIDENTIAL SOLARIS® GOLD

Luxury Solar Reflective Shingles

Cool roofing has been recognized as one of the easiest and most cost-effective ways to lower a home's energy consumption. But until now, going green meant going white.

Presidential Solaris Gold's cool roofing granule technology puts color where white used to be while still reflecting intense solar heat.

A COOL EXPLANATION

What are Solar Reflectance and Thermal Emittance?

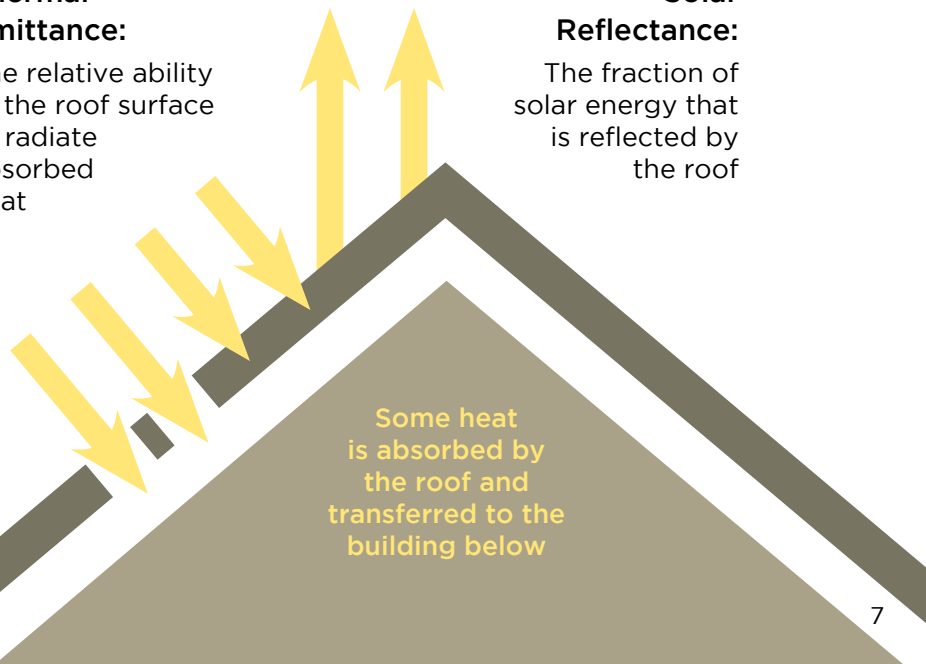

Solar reflectance and thermal emittance are the two radiative properties used to measure the "coolness" of a roof.

Thermal Emittance:

The relative ability of the roof surface to radiate absorbed heat

Solar Reflectance:

The fraction of solar energy that is reflected by the roof

Executive- Level Appeal

PRESIDENTIAL SHAKE®

The founding father of wood shake replicas, Presidential Shake established it all. The top tier performance of asphalt, the curb appeal of hand-split cedar shake roofing, and the unwavering quality of CertainTeed.

- An intricate shingle design that creates an architecturally beautiful roof
- A rich color palette to enhance and complement any home exterior
- Less expensive than real wood shake, and practically maintenance free

Strength with Style

PRESIDENTIAL SHAKE® TL

- Triple-layer protection
- 475 lbs. per square
- Distinctive sculpted, rustic look
- Industry-best lifetime limited warranty

PRESIDENTIAL SOLARIS® GOLD

- ENERGY STAR® rated solar reflective technology
- Dual-layer, high performance
- 355 lbs. per square
- Distinctive sculpted, rustic look
- Industry-best lifetime limited warranty

PRESIDENTIAL SHAKE®

- Dual-layer, high performance
- 355 lbs. per square
- Distinctive sculpted, rustic look
- Industry-best lifetime limited warranty

PRESIDENTIAL SHAKE TL

SPECIFICATIONS

- Three-piece laminated fiberglass-based construction for durability
- Distinctive sculpted, rustic look
- 475 lbs. per square

CertainTeed products are tested to ensure the highest quality and comply with the following industry standards:

Fire Resistance:

- UL Class A
- UL certified to meet ASTM D3018 Type 1

Wind Resistance:

- UL certified to meet ASTM D3018 Type 1
- ASTM D3161 Class A

Tear Resistance:

- UL certified to meet ASTM D3462
- CSA standard A123.5

Wind Driven Rain Resistance:

- Miami-Dade Product Control Acceptance:
Please reference www.certainteed.com to determine approved products by manufacturing location.

Quality Standards:

- ICC-ES-ESR-1389 & ESR-3537

WARRANTY

- Lifetime limited transferable warranty against manufacturing defects on residential applications
- 50-year limited transferable warranty against manufacturing defects on group-owned or commercial applications
- 15-year StreakFighter® algae-resistance warranty (where available) 
- 10-year SureStart™ protection
- 15-year 110 mph wind-resistance warranty
- Wind warranty upgrade to 130 mph available. CertainTeed starter and CertainTeed hip and ridge required

See actual warranty for specific details and limitations.

PRESIDENTIAL SOLARIS GOLD

SPECIFICATIONS

- Two-piece laminated fiberglass-based construction
- Distinctive sculpted, rustic look
- 355 lbs. per square
- Meets ENERGY STAR requirements

CertainTeed products are tested to ensure the highest quality and comply with the following industry standards:

Fire Resistance:

- UL Class A
- UL certified to meet ASTM D3018 Type 1

Wind Resistance:

- UL certified to meet ASTM D3018 Type 1
- ASTM D3161 Class F

Integrity Roof System™

Integrity is built from the bottom up. Layer-on-layer, only CertainTeed provides the peace of mind that comes with the best components performing together for peak efficiency.

- 1. Waterproof Underlayment**
Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams
- 2. Water-Resistant Underlayment**
High-performance underlayment provides a water-resistant layer over the roof deck and a secondary barrier against leaks
- 3. Starter Shingles**
Perfect starts every time and designed to work in tandem with the roof shingles above
- 4. Roof Shingles**
Choose the best, covered by the strongest warranty in the business
- 5. Hip & Ridge Caps**
Perfect finish for hip and ridge lines, complementing all CertainTeed shingles
- 6. Roof Ventilation**
Engineered for ideal roof ventilation especially when matched with CertainTeed Intake Vents

Add a Little Accent to Your Roof

CertainTeed offers Mountain Ridge, an accessory product used for capping hips and ridges. It is the perfect finishing touch for your roof, offering blended color and high-profile design. For the best performance, CertainTeed Presidential Starter is required to be used with these shingles.

Color Companion Products for Flat Roof Areas

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that complement some of the most popular CertainTeed shingles.

Presidential Shake, shown in Shadow Gray

RESIDENTIAL ROOFING

The best formula under one roof.

We start with the highest-quality raw materials and add state-of-the-art technology to monitor our manufacturing process and test our finished products. The result is superior performance from beginning to end.

Presidential Series available in areas shown

WARNING: FOR LOW-VOLUME RAIN AND SALT-FOG AREAS

In areas of low-volume rain (defined as insignificant rainfall during 90-day period) and "salt fog," such as parts of the Southern California coastline, copper released by algae-resistant (AR) granules can react with the aluminum in gutters, leading to severe corrosion of the gutters. Therefore, in such regions, it is strongly recommended that aluminum gutters not be used with algae-resistant shingles. Vinyl or copper gutters are recommended.

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.
